

Older Adults with Serious Underlying Medical Conditions are Urged to Stay Home...

DANBURY RESIDENTS: How are you Getting your Groceries?

If you are over 60 and/or have a serious underlying medical condition, it may be unsafe to do your routine grocery shopping during these uncertain times. We're encouraging older adults to use the help of friends and family to run errands or to use home delivery services such as Peapod or Instacart.

If none of these are available to you, we're here to help!

Please call:

Connecticut Community Care at (203) 591-5485 and we will help connect you to available resources.

Stay Home, Stay Safe!

Eat Well. Age Well. is a program of:
